Bid Award Process:

During the Open Season period, National will accept requests for services under National’s FT rate schedule as described above.

Participation in this Open Season is non-binding for bidders and National. National will accept bids reflecting a discount below the maximum FT rates provided that the bid exceeds the applicable Unit Rate Floor. Requests for discounts of Transportation Fuel/LAUF will not be accepted. Shippers may request all or part of the available capacity and are allowed to revise their bids within the posting period. A Shipper’s bid shall be exclusive of all applicable surcharge(s) including ACA Commodity Surcharge. All acceptable requests will be ranked, and the best bid(s) determined based on the highest net present value (NPV) of the reservation charge revenues, per unit of capacity (Dth/day) requested. The NPV calculation will incorporate length of contract term and will utilize a monthly rate of 0.8% (9.6% annually) for discounting purposes. If multiple shippers submit requests that are equivalent in value and term, the available capacity shall be prorated to those shippers based on the quantities requested.

National has predetermined a minimum acceptable Unit Rate Floor and will reject any discount proposal below the applicable Unit Rate Floor. National has not revealed the Unit Rate Floors to any person outside the company.

Bid Process and Documents:

All requests must be submitted using a [Bid Form](#). Within two business days of being awarded capacity in this Open Season but no later than 24 hours prior to nominating the capacity hereunder, the successful bidder(s) will be required to submit a Service Request Form (“SRF”) prior to contract tendering.
