Rate Information:

The current maximum tariff rates under the FSS and FST rate schedules are listed below.

Firm Storage Service (FSS):

Rate	FSS Rate Component
\$3.1020 per Dth/day	Demand Charge (monthly, applied to withdrawal deliverability)
\$0.0563 per Dth	Capacity Charge (monthly, applied to capacity)
\$0.0381 per Dth	Commodity Injection/Withdrawal Charge
0.84%	Storage Operating/LAUF Allowance *
\$0.0014 per Dth	ACA Commodity Surcharge (injection and withdrawal)

Firm Storage Transportation Service (FST):

Rate	FST Rate Component
\$6.1350 per Dth/day	Reservation Charge (monthly, applied to contract MDWTQ)
\$0.0069 per Dth	Commodity Charge (daily, applied to Dth quantity transported)
1.09%	Transportation Fuel/LAUF * see below
\$0.0014 per Dth	ACA Commodity Surcharge (daily, applied to Dth quantity transported)

***Fuel and Loss Allowances:**

Transportation Fuel and Company Use Retention and Transportation LAUF Retention (collectively "Transportation Fuel/LAUF") are applicable to all transportation quantities and established and subject to change under the tracking mechanism in National's GT&C Section 41 tariff sheets. National's current Transportation Fuel/LAUF allowance is 0.84%.

Bid Format & Discounts:

National will accept bids reflecting a discount below the maximum FSS and FST rates, provided that the bid exceeds the applicable Unit Rate Floor. Discounted bids must be submitted as a requested combined unit rate for FSS storage service and (if applicable) FST transportation service. For the purposes of converting a unit rate bid into component rates, National will first discount the FSS injection and withdrawal charges, followed by the FST reservation charge (where FST service is requested), then the FSS capacity charge, then the FSS demand charge. Any discount to the FST rate will be limited to transportation of gas to and from National's storage point (NFSTOR).

National has predetermined a minimum acceptable Unit Rate Floor and will reject any discount proposal below the applicable Unit Rate Floor. National has not revealed the Unit Rate Floor to any person outside the company.

Bid Award Process:

Shippers may request all or part of the offered MSQ - withdrawal and injection quantities will be allocated in proportion to such requested MSQ. Bidders are allowed to revise their bids within the posting period. For the purposes of awarding the available FSS and FST capacity, bids will be ranked according to the net present value (NPV), per unit of storage capacity, of the sums of the FSS capacity charges, FSS demand charges and FST reservation charges as derived above. The NPV calculation will incorporate length of contract term and will utilize an annual rate of 9.6% for discounting. The "Storage Component" of a bid shall be the NPV, per unit of storage capacity, of the FSS capacity charge and FSS demand charge. In the event that a customer bids for FSS service only, and its bid is equal to the Storage Component of another bid or bids for both FSS and FST service ("Comparable Combined Service Bid"), the FSS-only bid shall be considered equal in value to the Comparable

Combined Service Bid with the highest value. In the event that National receives two or more bids of equal NPV per unit of storage capacity, a ratable capacity allocation shall be determined, subject to other conditions in this posting. Bids that are prorated for any reason are considered to have been awarded at the reduced MSQ.

National reserves the right to award capacity subject to the aggregate inventory and deliverability parameters described herein.

The FST receipt and FST delivery point capacities represented above reflect the total capacity available. Each awarded bid may reduce the amount of remaining FST receipt or FST delivery point capacity available for subsequent awards. Should capacity at the requested alternative points be available, National shall award FST capacity pursuant to the bid ranking method described above to/from such alternative points in order to fulfill the storage request.

Bid Documents:

All requests must be submitted using a [Service Request Form \("SRF"\)](#) and a [Bid Form](#). Both documents are available on our website or by calling our Marketing Department (716) 857-7485. The completed form can be mailed or faxed to the address listed below or emailed to Marketing@NatFuel.com.

Credit Requirements:

Shippers will be required to demonstrate creditworthiness or provide a credit alternative acceptable to National.

Execution of Agreements:

Successful bidders will be required to execute and return a Service Agreement prior to start of service but no later than 3 days of receipt.
